

EUROPEAN  
DATA SCIENCE  
ACADEMY

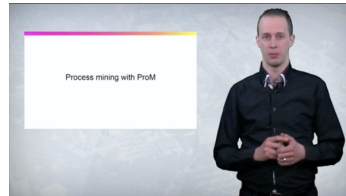

#### [First EDSA Summer Bootcamp](#)

Our summer series of *Machine Learning for Data Science* Bootcamps got off to a flying start this week at the Open Data Institute in London. 10 learners took part in this first of four summer workshops, led by Mike Ashcroft, Lecturer in Artificial Intelligence at Uppsala University.

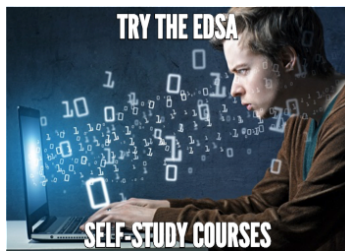

#### [EDSA Partners Meet](#)

EDSA Partners met early this month to discuss plans for the final stages of the project. The meeting, organised by Jean-Louis Liévin, President of ideXlab, was held at Le Cargo Innovation Centre in Paris.

#### [TU/e Process Mining with ProM MOOC](#)

This EDSA-endorsed MOOC starts on 10 July. It provides an overview of a new and exciting analysis method used by business, government and institutions around the world to work with processes based on data.

#### [Find new Data Science courses](#)

New courses available for self-study, MOOC, Face-to-face and blended learning courses at the European Data Science Academy courses portal: <http://courses.edsa-project.eu/>

#### [Data Science Meetups](#)

Data Science Meetups are springing up all over Europe - in this overview we list some interesting upcoming events.
