New improved EDSA skills dashboard

The EDSA dashboard enables discovery on a Data Science skills dataset containing over 500,000 job postings across the EU. Data was generated from new jobs posted

Machine Learning Bootcamps

This summer we're taking a road trip across the EU, and are running Machine Learning Bootcamps with our partners at various locations. Full details to be announce in mid-May.

online between Oct 2014 and Oct 2016.

Focus on Data Science Meetups
Data Science Meetups are springing up all over Europe - in this overview we list some interesting upcoming events.

Find new Data Science courses
New courses available for self-study, MOOC, Face-to-face and blended learning courses at the European Data Science Academy courses portal. Discover and sign up to our courses today
